Obtaining the external review related to the Tokyo Green Bonds

We are notifying you that, as last year, we have obtained an independent third-party evaluation of the Tokyo Green Bonds that will be issued this fiscal year.

Obtaining the external review is recommended by International Capital Market Association (“ICMA”)’s Green Bond Principles, to ensure the competency and transparency of the Tokyo Green Bonds and of improving the appeal of the bonds to investors pursuant to the Tokyo Green Bonds Framework.

Description

1. External Review Provider

We obtained the Green Bond evaluation from ISS-ESG, an ESG research institution with a positive global track record.

2. Announcement of the evaluation report

The full text of the evaluation report is posted on the Bureau of Finance website.

3. Future plans

We will take the evaluation that we have obtained into consideration for the issuance of the Tokyo Green Bonds planned in and after October.
